The current Red Cross fund drive in Adams County outside the Gettysburg Community Chest area has brought in close to \$3,200 since March 1 but is not complete, Campaign Chairman Luther W. Ritter, Littlestown, told members of the board of directors of the Adams County Red Cross Chapter Tuesday evening at their March meeting at the Legion home.

Mr. Ritter said that complete reports are in from only a few districts and added that "as a whole the solicitors are doing a very fine job." He estimated that the county canvass is about 65 per cent complete. A full report is expected when the board meets in April, Chairman Charles E. Held said.

The board directed that letters, be sent to the Letterkenny Ordnance depot at Chambersburg and to the Mechanicsburg Naval Depot asking that a share of the sums gathered there for the Red Cross from Adams Countians employed there be returned to the county chapter. "The Red Cross services those county men and women receive come chiefly through the Adams County chapter and we should have the benefit of their giving," Chapter Chairman Held pointed out.

Says Ireland Will Strive To Dissipate Unnecessary Suspensions Among Nations

WASHINGTON (AP)—President Sean T. O'Kelly of Ireland told a joint session of Congress today Ireland will work to dissipate unnecessary suspicions among nations of the world.

The 76-year-old Irish President is the first to make an official U.S. visit.

"One of the dangers that confront mankind is an exacerbated antagonism between the so-called colonial and anti-colonial countries," he said in his prepared address.

"As well as being a European country, Ireland is also a country with a long and a well-known history of stubborn resistance to foreign rule.

Play Useful Part

"In that position, Ireland can hope to play in the United Nations and elsewhere a useful part, by helping to dissipate unnecessary suspicions, and seeking to create a better climate for international understanding."

O'Kelly, whom President Eisenhower greeted Tuesday as "the president of all of us," said his appearance before Congress is among the proudest experiences of his life.

He recalled that Charles Stewart Parnell, the Irish patriot, addressed Congress in 1890. He said Parnell took back to Ireland the knowledge that "America as a whole, represented in Congress, looked with sympathy on Ireland's struggle for freedom."

O'Kelly said Ireland still faces "the great and challenging problem of partition," with six Northern counties loyal to Britain.

His appearance before Congress carried forward a round of activities which started with his St. Patrick's Day arrival.

He beamed his way, flashing Irish charm and wit, through a busy day. It included a wreath at the Tomb of the Unknowns and frolicsome occasions like a reception by capital newsmen and a dinner at the White House with the Eisenhowers.

O'Kelly and his wife will leave Washington Thursday afternoon for New York City, New England, the Midwest and East before returning to Ireland March 31.

15 Charged For Unlicensed Dogs

Dog law enforcement officer James McDowell Tuesday brought charges of having unlicensed dogs against 15 county residents before Justice of the Peace Robert P. Snyder.

McDowell, who was assisted by Earl Werd, Lancaster-Lebanon county dog law enforcement officer, in making a spot check of the northern part of the county which led to the 15 charges, said he plans similar "spot checks" in various parts of the county in the near future in his continuing attempt to enforce the requirement that all dogs be licensed.

The 15 against whom charges were laid are: Thurman C. Inskip, East Berlin R. 2; Daniel K. Hursh, York Springs; Wayne L. Barrick, York Springs R. 2; Bruce Beitman, Randolph W. Metz, Sterling Black, all of Gardners R. 1; John Altice, Esther Drybread and H. Robert Galloway, Idaville; Paul Dennis, Gertrude Altice, Archie Stanner, Arthur W. Stanner and Arthur D. Salesmen Using Auxiliary's Name

Mrs. Joseph Bushey, Fairfield Rd., president of the Albert J. Lentz American Legion Post Auxiliary, today warned householders and others not to purchase magazines from salesmen now "working" this territory.

2 COMPLETE SOLO FLIGHTS AT COLLEGE

Two cadet first lieutenants have completed their first solo flights in the newly initiated flight instruction program of the Air Force Reserve Officers Training Corps at Gettysburg College.

They are Richard K. Wagner, Nutley, N. J., and Alan C. Duncan, Robesonia, Pa. The two round out the contingent of five cadets participating in the new program. Cadets John Dill, Robert Philidus and Ronald Venturini soloed previously.

To qualify for the flight program, a cadet must be scheduled for pilot training when he goes on active commissioned duty with the Air Force after graduation from college. Only those senior class cadets who pass the most stringent physical and aptitude examinations, and who qualify before a board of AF officers, are scheduled for flight training.

The FIP is divided into two divisions: flight instruction and ground school instruction. Flight instruction is conducted at York Airport, Thomasville, Pa., using 65 horsepower Taylor-Craft DC-65 and 100 horsepower Piper PA-12 aircraft. It consists of 20 hours of dual time, 15 hours solo time, and 1 1/2 hours of final check time.

Ground school instruction consists of 30 hours in meteorology and navigation, and five hours in flying rules and safety and airplane maintenance.

"The program has advantages both to the cadet and the Air Force. It gives the cadet an excellent orientation and background for the USAF flight training he will receive on active duty," according to Maj. William N. Storms, air science department FIP project officer at Gettysburg College.

LEGION MARKS 40TH BIRTHDAY

The Albert J. Lentz Post is celebrating the fortieth anniversary of the founding of the American Legion this week. The veterans organization was started by a group of Army officers at a session in Paris shortly after the armistice of the first world war.

Theodore Roosevelt, son of the famous President Teddy Roosevelt, was one of the principal figures in the founding.

Harold W. Culp, commander of the local Post, said:

"While we have not planned a formal observance we have given full recognition to the organization which for four decades of patriotic labors has had a great and beneficial impact on the welfare and security of America," he said.

"The Legion was designed to promote a dynamic conviction of Americanism for the preservation of our free institutions and freedoms," he added.

FORTENBAUGH SERVICES ARE HELD TUESDAY

Tribute was paid to the Christian life and service of Dr. Robert Fortenbaugh, 96-year-old author, historian and Lutheran clergyman who for nearly 33 years headed the department of history at Gettysburg College, at funeral services conducted for him at the Bender Funeral Home here at 3 o'clock Tuesday afternoon.

Dr. Fortenbaugh died suddenly Sunday morning at his home on W. Broadway here from a heart attack.

The largely attended services Tuesday were conducted by his pastor, the Rev. Herman G. Stumpfle Jr., and a former pastor, the Rev. Dr. Dwight F. Putman, Harrisburg, now president of the Central Pennsylvania Synod of the United Lutheran Church.

Double Tributes

Dr. Putman read appropriate scripture, offered prayer and then expressed "gratitude on behalf of the church he (Dr. Fortenbaugh) served so well as teacher, preacher, counselor and fellow worker." He added: "He lives on in the lives of many, especially through his ministry of teaching. I am here to testify to the indebtedness of our church to his ministry."

The meditation was by Pastor Stumpfle. He said in part: "This is a time, especially for considering the meaning of life for a Christian, for he whom we remember today lived and died in Christian faith, and we who remain turn to Jesus Christ for our hope and consolation."

He used two verses from Psalm 73 as his text: "...thou dost hold my right hand, thou dost guide me with thy counsel, and afterward thou wilt receive me to (Continued On Page 3)

TRAVEL GROUP INVITES SOLON TO VISIT 'FIELD

The board of directors of the Gettysburg Travel Council, meeting Tuesday at the VFW, voted to invite Congressman Michael Kirwan, chairman of the subcommittee considering an appropriation bill to purchase additional land for the battlefield here, to visit here as guest of the council to see the land to be purchased, or, alternately, members of the Travel Council will visit the congressman to tell him details of the proposed purchase.

Walter B. Lane, president of the council, commenting on Congressman Kirwan's statement that no additional land is needed, told the board: "Apparently Congressman Kirwan, who spoke of having toured the field, thought all the land he saw was part of the National Park holdings and thus formed the opinion no more land is needed. Unfortunately much of what everyone considers the battlefield does not belong to the federal government, and thus is in danger of development which could mar the battlefield."

Appeal To Quigley

The board voted to ask Congressman James Quigley to urge Kirwan to come here, or hear a local delegation in Washington. The council also decided to have photographs made of the areas in question "to help the committee and congress in its thinking on the subject," Lane said.

The board voted to set aside "up to \$1,000" to provide facilities that may be needed in connection with a proposed annual meeting of the North-South Skirmish Association here.

Members were urged to attend the convocation to be held at Gettysburg College April 3 and 4. The possibility of a weekly letter during the main tourist season listing "what to do and where to go" in the Gettysburg area, for distribution to tourists, was discussed.

Times Will Publish New Five Part Easter Story Beginning Next Monday

What was it like that long ago day in distant Jerusalem when Christ was first honored, then betrayed, and finally crucified? "Epistles from a Roman," a series of Easter articles presented in the form of letters from a Roman officer stationed in Jerusalem, brings the classic scenes home to the modern reader with special impact.

Written by AP Religion Writer Tom Henshaw, the letters trace the changes in attitude worked upon the unbelieving Roman, Valerius, by the gentle words and compelling look of the man from Galilee.

From this fresh vantage point, the events of the Easter story appear in an inspiring new light.

Writes Religious Column

Henshaw, who writes one of the two regular weekly religion columns served by The Associated Press, explains his aim this way: "The Holy Land at the time of Christ was a province of the great Roman Empire. The Gospels are filled with references to Rome and men of Rome. Yet, with the possible exception of the Procurator Pilate, Roman reactions to Christ and his message are vague.

"How would an average, upper class Roman—the lower classes didn't count in those days—react on the spot to the events of Holy Week?"

Henshaw points out that it is fairly well established that the Romans of the time were losing their belief in the old gods, such as Jupiter and his capricious crew. Emperor worship was in its infancy. The Oriental mystery cults of Cybele and Mithras had not yet taken hold of the Roman imagination.

"Fictitious Officer"

"With this in mind," the writer explains, "it is possible to create a fictitious Roman officer, name him Valerius, drop him into Jerusalem at the crucial moment and interpret the effect the powerful events of Holy Week might have on his unbelieving mind."

And what better way is there for him to express his innermost thoughts and feeling than in intimate letters to a close friend or relative? In this case, it's an understanding father who receives these "Epistles from a Roman."

The first of the five articles in the series will appear March 23 in this newspaper. Be sure to watch for it.

NO OBJECTION IS RAISED IN RT. 15 HEARING

Although about 50 persons attended the hearing this morning on the proposed construction of Route 15 from the York Springs bypass north to Dillsburg, no one entered any objection or suggestion for the record.

The hearing was conducted in the Dillsburg community building by James Patrick Garrity, assistant deputy attorney general, who explained that the proceedings were in accordance with the federal highway act of 1956 which requires that such hearing (or opportunity for hearing) be held to determine the "economic effect" of the proposed construction.

The transcript of such hearings are sent with construction plans to the federal government for approval. Garrity explained.

Primary System

The proposed construction is a part of the federal aid primary system and the federal government matches state funds 50-50 to cover the costs.

O. Daniel Ferrari, location engineer for the Department of Highways, gave the only testimony. He said that it is planned to build a four-lane divided highway from the end of the concrete about one mile north of York Springs on relocation about one-half mile west of the present highway northward about five miles where the new road would cross the present road and continue about one-half mile east of the present road to where it would connect with the present Dillsburg bypass.

He said that the project is 8.09 miles in length and estimated that it will cost \$3,167,900. One two-span bridge across a stream (Latimore Creek) would be required and four concrete box culverts will be needed for other streams.

SAYS PERFECT TOOTH EVENT GETS RESULTS

The Gettysburg Rotary Club is sponsoring its Perfect Tooth program in the first six grades in the Gettysburg schools and a report from Miss Ellen R. Miller, school nurse, points up the success with which the program is meeting this year.

"The statistics seem to indicate," Miss Miller said, "that in the group where the Perfect Tooth program is in effect more children visit their dentist regularly. A continuous educational program seems to be essential if we are to improve dental health in all age groups."

Under the Perfect Tooth program, children who present a slip from their dentists stating that all necessary dental work has been done receive a blue and white chevron indicating they are on the dental honor roll. These children also are eligible to attend the Perfect Tooth party in May. May 1 is the deadline for present the perfect tooth slips from dentists.

TWO MEN DUEL TO DEATH IN A BEDROOM BOUT

HOLLYWOOD (AP) — Two men died in a bedroom gun battle today which police said broke out after one tried to interfere in a love triangle involving the other.

Killed were Barney Silva, 35, part-owner of three Los Angeles restaurants, and Jack Sorin, 47-year-old jazz musician.

Investigators said the shootings took place in a house that was rented recently by Dorothy Chester, 38.

Mrs. Chester, identified as the central figure in the dispute, is the wife of Simon Chester, wealthy Los Angeles produce dealer.

She told police that Sorin was her cousin and had been living at the Chester home in Los Angeles for several years.

Detective Sgt. Robert Beck said Mrs. Chester had been separated from her husband for several weeks and that Sorin came to her newly rented house here late Tuesday night to urge her to return to Chester.

The detective said Sorin evidently carried two weapons—an automatic and a revolver—but gave up one of them in a scuffle with Silva.

He then produced the other and the two men duelled to the death, Beck said.

TOLL TAKERS GO ON STRIKE

NEW BRUNSWICK, N.J. (AP) — A strike of toll collectors on the New Jersey Turnpike entered its second day today with traffic flowing smoothly. Supervisors help, augmented by Rutgers College students, manned the toll booths.

Striking toll collectors and maintenance men set up picket lines at the larger interchanges. No incidents were reported.

The heavily traveled north-south highway continued to take a financial beating. Bargain rates were in effect to avoid traffic tie-ups. Exact figures for the loss for the first day were not available. The average daily income from tolls is \$77,000.

Skeleton Crews
With only skeleton crews manning some toll plazas and several smaller ones left completely unmanned, the Turnpike Authority put into effect a flat 25-cent fee for cars and 50-cent fee for trucks and buses.

Normally motorists are given a ticket as they enter the road. They pay on a mileage basis as they leave. Cars pay a maximum of \$1.75 for the full 118-mile length of the superhighway. Trailer trucks pay a maximum of \$5. The average ticket for the road's 110,000 daily users is 70 cents.

Just how many Rutgers students were hired could not be learned either from the Turnpike Authority or the university. The students were being paid \$1.60 an hour. Collectors received \$335 to \$425 a month, based on experience.

U. S. PREPARES TREATY DRAFT

By JOHN M. HIGHTOWER WASHINGTON (AP) — The

United States has prepared a tentative draft of a German peace treaty for possible use in a foreign ministers meeting with the Soviet Union.

By contrast with the Soviet peace treaty proposal of several weeks ago, the U.S. provisions would leave the way open for a sovereign all-German government to forge whatever links it wished with neighboring nations and other countries of the world.

The U.S. document—some officials say it is more a statement of principles than a tentative treaty draft—has been proposed to Britain, France and West Germany for discussion.

The Western European Allies were reported today to be cool to the idea of carrying forward plans for a German peace treaty at this time. They apparently feel the more urgent problems are those involved in reunifying Germany.

But U.S. officials emphasize that the Soviet government obviously intends to raise the question of a peace treaty at a foreign ministers meeting, and they want the Western powers to be ready to meet it in some way. It is felt here that when the occasion arises the Allies should be ready to tell the Soviets and the world the kind of peace which they would make with an all-German government.

Two Strikers Are Discharged

BLOOMFIELD, N.J. (AP) — Serving notice that "we are not obliged to treat trespassers as hotel guests," General Electric officials Tuesday fired the last two sit-in strikers at the GE plant here.

Union officials said the company dispatched a man who cut the rope being used to hoist food to the men on the third floor of the plant.

The two were fired after the union decided to replace the rope with a crane, which was supplied by Perte Weber, business manager of Local 825 of the Operating Engineers Union.

At Hartnett, secretary-treasurer of the International Union of Electrical Workers called General Electric's policy dictatorial.

GE maintained the men were fired for "gross insubordination." The two men were among nearly a score of sit-in strikers who began a protest last Friday of General Electric's decision to close the plant.

The two left the plant as soon as they were fired.

MACMILLAN ON WAY TO TALKS WITH IKE SOON

OTTAWA (AP)—British Prime Minister Harold Macmillan, on his way to talks with President Eisenhower, today urged the Western powers to frame a united policy on Germany based on "firm principles combined with a readiness to negotiate."

Macmillan arrived by plane from London. Before leaving for Washington Thursday, he will fill in Prime Minister John Diefenbaker and other Canadian officials on his Berlin crisis talks in Moscow with Soviet Premier Nikita Khrushchev.

Macmillan plans to see ailing U.S. Secretary of State John Foster Dulles at Walter Reed Army Hospital before he meets with Eisenhower.

Diefenbaker and other officials were on hand to greet Macmillan, who led off his remarks with a tribute to Canadian Foreign Secretary Sidney Smith, who died Tuesday.

Macmillan said it was generally accepted that East-West negotiations on Germany must take place this summer.

Speaking first in English and switching later to French, Macmillan said he went to Moscow to feel out the ground, and he believed he had attained success.

U. S. PLANNING THREE-IN-ONE SATELLITE

WASHINGTON (AP)—The United States is planning something new in satellites—a three-in-one job. It will be part of the Vanguard series and will include a balloon to study friction in space.

Dr. John P. Hagen announced plans for it Tuesday and said it will be launched soon from Cape Canaveral, Fla.

In effect, Hagen said, the new Vanguard will provide three separate satellites:

1. The empty case of the launching vehicle's third-stage rocket, a metal tube weighing about 52 pounds.
2. A 13-inch plastic sphere with an arm extending about two feet. There will be a magnetometer at the end of the arm to measure the earth's magnetic fields. This satellite will weigh about 22 pounds.

Expandable Balloon

3. A 30-inch expandable balloon weighing 1½ to 2 pounds. Before launching, the balloon will be folded into a small tray at the base of the plastic sphere. When the nose of the launching vehicle separates from the final stage rocket, a gas cartridge will inflate the balloon—if all goes as planned.

The balloon, because of its larger area and lighter weight, will slow down more rapidly than the two companion satellites and thus provide a more precise measurement of drag and friction in space.

NEW BISHOP IS INSTALLED IN PITTSBURGH

PITTSBURGH (AP)—The Most Rev. John J. Wright was formally installed today as eighth bishop of the 115-year-old Pittsburgh Roman Catholic Diocese.

Scores of business and civic leaders attended the ceremony which was televised locally. Among them were Gov. David Lawrence of Pennsylvania and Massachusetts State Sen. William D. Fleming, representing Gov. Foster Furcolo of Massachusetts. Also present were Mayor John B. Hynes of Boston, Mayor Joseph C. Casdin of Worcester and Mayor Thomas Gallagher of Pittsburgh.

As Bishop Wright accepted the mitre, the formal headpiece and the crozier—a staff which symbolized his authority—he was flanked by close friends in the clergy. They included the Rev. Daniel J. Honan of Ellsworth, Me., and the Rev. Leo A. O'Connor of Holy Cross College in Worcester.

Bishop Wright celebrated a solemn pontifical high mass and delivered a short sermon. He will celebrate another mass at noon tomorrow for those unable to attend the jam-packed cathedral today.

Nearly 1,000 persons gathered for a luncheon following the cathedral ceremony. Archbishops attending, in addition to Archbishop Dearden, were John M. Gannon of Erie, Pa.; Edward F. Hoban, Cleveland, Ohio; Karl J. Alter of Cincinnati; John J. Swint of Wheeling, W. Va., and Paul C. Schulte of Indianapolis.

Speech Therapist Gives Talk Here

A need for additional facilities and personnel to provide speech therapy for children in the county schools, especially retarded children, was outlined Tuesday evening by Loren Bower, Adams County speech therapist, at a meeting of the local chapter of the Pennsylvania Association for Retarded Children at the Day Care Training Center, E. Bower outlined the work being done by the speech therapists locally in correcting articulation difficulties and unintelligible speech problems, but added that there is need for many additional facilities and personnel in carrying out the work.

E. W. Mange was named chairman of a nominating committee at a business meeting preceding the talk by Miss Bower. Others named to the committee, which will report at the meeting of the association Tuesday, April 23, were Alvin Bupp and Mrs. Walter Smith.

glory." The speaker said: "First these words declare that life has an unending support. He whom we remember today knew this unending support in his life and let all of us who mourn him live by faith that 'underneath us are the everlasting arms.' Out text also reminds us that for the child of God, life has an underlying purpose. Dr. Fortenbaugh through dedication to his vocation sought faithfully to fulfill a vast purpose beyond himself. The Psalmist reminds us that life has an eternal destiny. Dr. Fortenbaugh as a historian understood the meaning of those familiar words inscribed over the entrance to one of our government buildings, 'The past is prologue.'"

The Rev. Mr. Stuempfle closed with a quotation from a history of Christ Lutheran Church, written some years ago by Dr. Fortenbaugh.

Interment was in Evergreen Cemetery with six student members of the Alpha Tau Omega fraternity, which Dr. Fortenbaugh had served as a national officer, serving as pallbearers. The students were Charles Acker, Noll Richards, Thomas MacDougal, Wayne Baumgardner, David Walker and Ronald Berklite.

\$60 MILLIONS CUT FROM BILL BY COMMITTEE

WASHINGTON (AP)—The House Appropriations Committee today made a nominal cut of slightly more than one per cent in the first big money bill affecting President Eisenhower's 1960 budget.

It recommended, subject to later House action, total new funds of \$4,628,097,000 to operate the Treasury and Post Office departments and the Tax Court for the fiscal year starting July 1.

This is \$60,230,000 less than the President requested but \$518,339,000 more than current year appropriations. Most of the boost was attributed to pay raises Congress voted last summer.

The Treasury's share of the total is \$779,402,000. It sought \$787,712,000. The Post Office Department was allotted \$3,847,160,000, a reduction of \$51,920,000 from its request. The Tax Court was given all the \$1,535,000 it requested.

Over-all effect of the committee's action is to provide employment in the three agencies for 661,000 instead of the 667,000 requested. Current average employment is 648,000.

There was no reduction in funds requested by the Secret Service. Large allotments included 363 million dollars for the Internal Revenue Service and 250 millions for the Coast Guard.

ASKS COURT TO BAN PROBE OF MINE DISASTER

HARRISBURG (AP)—A Luzerne County coal mine operator has asked Dauphin County Court to halt a legislative probe of a recent mine disaster on the grounds the investigating committee was illegally established.

Louis Fabrizio, president of the Knox Coal Co., filed the appeal Tuesday in Dauphin County court after refusing earlier to turn over business records to the 10-member committee probing the Pittston mine tragedy of Jan. 22.

Fabrizio maintained in his petition that the committee was "serving as a combination court and grand jury."

He said the makeup of the probe group was illegal because it was authorized by a legislative resolution rather than by an actual bill.

Claims Personal Probe
"It is evident (the subpoena) is not to study and investigate the mine disaster for legislative purposes," the petitioner claimed in referring to a subpoena issued by the committee for records of the company.

The mine operator said in his petition for an injunction to halt the committee proceedings that the records were subpoenaed "to investigate the personal affairs of the plaintiff (Fabrizio)."

"The purpose (of the subpoena) was to delve into the private relations of plaintiff (Fabrizio) with Knox Coal Co.," the petition claimed.

Fabrizio said such probing was "not pertinent" to the investigation of the disaster in which 12 men still are missing in the Port Griffith mine of Knox Coal Co.

Acting President Judge William H. Neely said he would await a copy of a Luzerne County Court decision on another legal move by Fabrizio before he sets a date for a hearing on the latest petition.

Pinball Machines Are Ruled Illegal

PHILADELPHIA (AP)—Pennsylvania's Superior Court today upheld a Fayette County decision that multiple-coin pinball machines were illegal gambling devices.

The unanimous decision written by Judge William Hirt, authorizes the state police to destroy 41 pinball machines that they seized June 20, 1957, in a series of anti-gambling raids in Fayette County.

But its effect could go even farther. It could mean the end of the use of all multiple-coin pinball machines in Pennsylvania.

The machines accept more than one coin for a single game. State police had indicated they would order all multiple-coin machines in Pennsylvania seized if the Superior Court upheld the Fayette County ruling. Today's decision was considered a test case.

The Annie Danner Club sponsored the fifth and last in the Lenten series Tuesday night at the YWCA. Walter Smith, a senior at the Lutheran Seminary, spoke to the group on "St. Peter." Mrs. Margaret Rouse led the devotions.

Next Tuesday evening the club will attend Holy Week services at AME Zion church where the Rev. William Fenstermaker, pastor of the Methodist Church, will speak. The club will meet in front of the Methodist church at 7 o'clock.

On March 28 members are planning a tour of the Country Home and will leave the YWCA at 6 o'clock.

On March 31 at 8 p.m. the annual April Fool's Party will be held at the Y.

Y-Teens are building a colorful Easter egg tree in the hallway at the YWCA building and expect to have it complete by Thursday afternoon. The colorful result is in keeping with a Pennsylvania German custom which was used to symbolize the casting off of the old and welcoming the new season.

Of the famous Cedars of Lebanon, frequently mentioned in the Bible, only 400 trees remain today.

Stengel Thinks Yanks Will Repeat But Expects Tough Trouble From Tigers, Tribe

By JOE REICHLER
Associated Press Sports Writer
ST. PETERSBURG, Fla. (AP)—Casey Stengel's dislike for Frank Lane, real or fancied, doesn't preclude him from agreeing with the Cleveland general manager on one point.

The New York Yankees, both agree, will run into more trouble this year than they ever encountered before.

Not that Stengel doesn't think his world champions won't repeat. He thinks his club is good enough to bring him his 10th flag in 11 seasons but he does not anticipate anything resembling the runaway of last year.

Eyes Tigers, Indians
"We played bad ball during the final two months of the season last year," said Casey, "and we were lucky to have such a big lead. Also we were lucky that none of the other clubs had a sizeable winning streak or that no club but ours has a 20-game winner."

Stengel tabs the Indians and Tigers as the clubs most likely to give the Yankees the most trouble. "Cleveland has a good new team," he said. "There's nothing wrong with their outfield. They have at least two good infielders. Their catching is young but good. The pitching staff also is young and can fool you."

"Detroit looks real good. They got outstanding pitching and those two relief pitchers from Cleveland (Ray Narleski and Don Mossi) should help. The question is their hitting. Boston has the hitting but it's up to the pitchers who didn't do so good last year. Chicago has speed and defense but they've got no first baseman and they're depending a lot on John Callison in the outfield."

Shortstop Is Problem
Stengel said his team was set except for shortstop where he hopes Bobby Richardson can fill the bill until Tony Kubek returns from the Army sometime in May. "It's the same team except for Kubek," he said. "There's nothing wrong with it. The pitchers are ready. (Bob) Turley, (Whitey) Ford and (Art) Ditmar have looked very good. So has (Ryne) Duren. I just don't know how to line them up."

Only Don Larsen's status is doubtful. The big right-hander hurt his right shoulder while pitching against St. Louis Sunday. The pain disappeared but the rear portion of the shoulder was sore Monday morning and Larsen has been ordered to rest his arm for several days.

COURT ORDERS GOLF COURSE TEE CHANGED

TRENTON, N. J. (AP) — The New Jersey Supreme Court has ruled unanimously for the comfort of a family which found life next to a golf course scarcely up to par. The august body ruled 6-0 Tuesday that the drive over the pond at the third hole of the Ramsey Golf and Country Club is hazardous to the home life of Mr. and Mrs. Ralph Sans and their two children.

The stroke must be eliminated, the court said, thereby coincidentally easing matters for course duifers.

The backyard of the Sans home in Ramsey, is a few feet from the pond.

Golfer Beat Dog
The decision noted: "While silence is the conventional courtesy when a golfer is addressing his ball and swinging, the ban is relaxed between shots, and presumably the nature of the comments depends in some measure upon the success or failure of the player in negotiating the hazardous water."

According to the decision a golfer once told the Sans children to keep their dog quiet and then batted it unconscious with one of his clubs.

The Supreme Court ordered the third tee moved to the other side of the pond. Par for the fourth hole was four strokes. Now it'll be three.

PENDER BEATS TIGER JONES IN TEN ROUNDS

BOSTON (AP) — Clever Paul Pender, the fireman on sabbatical leave for one last comeback attempt, looked ahead to a bout with Gene Fullmer today in hopes of a short cut to a crack at the mid-dewight title.

The 23-year-old Pender vaulted into ring prominence and proved his once-brilliant hands no longer are tender Tuesday night by decisively outpointing rugged Ralph (Tiger) Jones in a 10-rounder at the Boston Garden.

"Now we'll sit back and wait for Fullmer's bad hand to heal," said Pender's board of strategy headed by co-promoters Johnny Buckley and Sam Silverman.

Fullmer, the former middleweight champion now rated the No. 2 contender, had to withdraw from the scheduled St. Patrick's Day meeting with Pender after suffering a hand bone fracture.

Jones Paid \$7,500
"He has been suspended by the Massachusetts Boxing Commission and can't fight anywhere until he meets Pender," Silverman said. "We have a contract and intend to hold Fullmer to it."

Jones, rated the No. 5 contender by Ring and No. 9 by the NBA after victories over Joey Giardello and Rory Calhoun, accepted \$7,500 to replace Fullmer. He took a boxing loss for his money.

Pender let an educated left hand do the work for him against the durable, free-swinging veteran from Yonkers, N.Y.

Rapier-like jabs, followed by an occasional short left hook, carried the blood-spattered Brookline batter to victory. He suffered an inch-long gash from an accidental butt in the third round and blood flowed freely the rest of the way.

Referee Billy Connelly scored for Pender 99-93, judge Joe Santoro 98-92 and John Norton 99-94. The AP card had Paul in front 97-94.

BASKETBALL PLAYOFFS OPEN THIS EVENING

By THE ASSOCIATED PRESS
The pesky Syracuse Nationals meet the Celtics in Boston tonight in the first game of the playoffs for the National Basketball Assn.'s Eastern division title while the Detroit Pistons and Minneapolis Lakers have some unfinished business in the West.

With the best-of-three series tied at 1-all, the Pistons-Lakers clash at Minneapolis will decide who meets the St. Louis Hawks in the Western division finals. The first game will be played Saturday night in St. Louis.

Syracuse, which finished third in the regular season race, knocked the second-place New York Knickerbockers out of their best-of-three series in two straight games. The Nats beat the Knicks in New York 129-123 and 131-115 at Syracuse.

Second On Saturday
The second of the best-of-seven series will be played in Syracuse on Saturday and the teams return to Boston Sunday afternoon.

In the Western division, Minneapolis beat out Detroit for second place behind St. Louis. In the first playoff game at St. Paul, Minneapolis defeated Detroit 92-89, but at Detroit the Pistons won 117-103. The first of the Western best-of-seven series final will be played at St. Louis, with the next at Minneapolis or Detroit March 22. The third will be in St. Louis March 24.

'KID' BASSEY FAVORED TO BEAT MOORE

By BOB MYERS
Associated Press Sports Writer
LOS ANGELES (AP) — The featherweight championship of the world goes on the block tonight, with Hogan (Kid) Bassey of Nigeria a slight favorite to retain his title in a 15-round fight with America's Davey Moore.

The site is the Olympic Auditorium, the time 7 p.m., Pacific Standard, and fight fans across the nation, barring the Southern California region, can see it over the ABC-TV network.

It is Bassey's second defense of the crown and it certainly should be tougher and more exciting than the first. That was last April when the little tiger from Nigeria belted out Ricardo (Pajarito) Moreno in Los Angeles' Wrigley Field in three rounds.

Admit He's Threat
Bassey and his English manager, George Biddles, concede that Moore, the top-ranked contender, poses a threat. Biddles says the hard hitting young man from Springfield, Ohio, is the best Bassey has met in America.

That would include ex-champion Willie Pep, whom he stopped in nine brawling rounds in Boston last September; Carmelo Costa, Ernesto Parra and Miguel Berrios, as well as Moreno.

Moore clinched the title fight by also stopping Moreno — he did it in one round — but his calibre of opponents isn't too impressive.

By the same token, the class of Bassey's vanquished rivals isn't known on this side of the ocean, either.

To Be Spectacular
In any event, Los Angeles fans have seen both in action, and off these performances, tonight's affair should be spectacular.

Scoring will be by a referee and two judges, using the 10-point per round system — 10 to the winner nine or less to the loser.

Neither has ever been counted out. Moore has been floored only once; Bassey several times. Bassey has lost twice on cut eyes.

Illness Postpones Championship Bout

ST. LOUIS (AP) — A three-week postponement of the welterweight championship rematch between Champion Don Jordan and Virgil Akins was granted Tuesday because Jordan's training was interrupted by his wife's illness.

The fight was rescheduled for April 24 at Kiel Auditorium here. It had been set for March 6 but a tornado damaged the St. Louis Arena and it was postponed to April 3 at Kiel.

Jordan's wife became ill after the premature birth of a baby nine days ago. The baby weighed only two pounds. Jordan's manager, Don Nessett, said both wife and baby are all right now, although the baby is in an incubator.

PROVIDENCE, NYU ADVANCE IN NIT PLAY

By TED MEIER
Associated Press Sports Writer
NEW YORK (AP) — "It's unbelievable. It's unbelievable."

That's what Coach Joe Mulaney of Providence College kept shouting Tuesday night after his "Cinderella" team beat second-seeded St. Louis 75-72 in double overtime to reach the semifinals of the National Invitational Tournament.

New York University also advanced to Thursday's semifinals with an easy 63-48 victory over Oklahoma City. This second game of the basketball doubleheader at Madison Square Garden was strictly an anticlimax to the crowd of 14,269.

Providence, which upset Manhattan 68-66 last Saturday in the last six seconds of play, now is pitted against St. John's of New York while NYU goes against top-seeded Bradley.

It was 66-65 in the first overtime when Providence got a break. They lost the ball on a bad pass out of bounds with 47 seconds left. But Big Bob Ferry, who led St. Louis with 29 points, missed a shot with only three seconds to go.

Ferry did put St. Louis ahead 68-67 on a three-point play in the second overtime, but soph Johnny Egan then canned two free throws to put the Friars in front for good at 69-68. With 16 seconds remaining Ferry got his 12th basket to make it 73-72. Egan however, again dunked two free throws with 10 seconds left to sew it up. Len Wilkens scored 30 points and Egan 20 to pace the Friars.

Oklahoma City made only one threat in the second game. NYU took an 11-2 lead, but the Chiefs pulled up to 28-26 just before the end of the half. The Violets quickly opened an 11-point lead in the second half and were never headed.

Golfers Practice For \$15,000 Open
ST. PETERSBURG, Fla. (AP) — Golf's touring pros get the feel of the Lakewood Country Club course today in practice rounds for the \$15,000 St. Petersburg Open championship.

The 72-hole tournament starts Thursday. One hundred and fifty golfers are scheduled to step to the tee. The field will be cut in half for the final 36 holes following Friday's play.

Most of the tournament pros will be in the chase for the \$2,000 first prize won last year by Arnold Palmer of Latrobe, Pa.

Among the entries are the three leading PGA money winners of 1958 — Art Wall Jr. of Pocono Manor, Pa.; Gene Littler of Singing Hills, Calif.; and John McMillin of Fair Oaks, Calif.

DELANY WILL HIT BOOKS, NOT BOARDS FRIDAY

HOLLYWOOD, Fla. (AP) — Ron Delany, the speedy scholar from Ireland, will hit the books and not the boards of Friday's indoor track meet at Cleveland.

The champion miler's cancellation drew angry protest from the meet sponsors but got support from an Amateur Athletic Union official.

Either way, Delany said Tuesday night he is sticking by his withdrawal from the Cleveland K. of C. meet because of "study commitments."

"I definitely will not run," said the lean, ascetic-looking Villanova student.

Breach Of Faith
The Cleveland K. of C. had centered its meet around the mile, in which Delany was given a chance to break four minutes for the first time indoors. He set a 4:01.4 world record this month in New York and has broken four minutes three times outdoors.

John McCarthy, president of the K. of C. meet, called Delany's cancellation "a flagrant breach of faith — the type the association cannot countenance without taking strong action."

In New York Jim Simms, AAU secretary treasurer, took a different view.

Had Given Notice
"I do not consider Delany guilty of a breach of the rules," said Simms. "It is unfortunate that this has happened, of course, but Delany notified Cleveland of his withdrawal well in advance."

Delany husbanded his energies and won with ease Tuesday night over Peter Closs of St. John's University, Tom O'Riordan of Idaho State and Laszlo Tabori of Santa Clara, Calif., in 4:07.8.

DICK HYDE IS SOUGHT BY N. Y. IN TRADE TALK

Associated Press Sports Writer
Flushed with success but apprehensive about the quality of their pitching staff, the World Champion New York Yankees today prepared to sit down at the bargaining table.

Object: A trade with Washington.

Subject: Relief specialist Dick Hyde.

Price: Unknown, but expected to include at least a trio of Yankee rookies or benchwarmers.

Has Bright Record
Hyde, who pitches underhand, compiled a 10-3 won-lost record and a brilliant 1.75 earned run average while saving a host of games for the last-place Senators last year.

Washington owner Calvin Griffith, apparently willing to part with his bullpen ace in order to bolster other areas, has been holding out for a better offer from Yankee General Manager George Weiss.

The Senators defeated Pittsburgh 4-1 Tuesday in one of the three exhibition games played as rain idled most of the clubs for the second day. In other games, Boston beat San Francisco 6-1 and Cleveland thumped Chicago's Cubs 10-5.

Strong In Relief
Hyde allowed the Pirates' only run but pitched strongly in relief of Chuck Stobbs, who blanked Pittsburgh for the first five innings. Roy Sievers gave Washington all the runs it needed with a two-run homer in the first.

Frank Sullivan, who pitched six innings, and reliever Herb Moford limited the hard-hitting Giants to four hits. Ted Lepcio homered for the Red Sox, who boosted their exhibition record to 8-1, best in both leagues.

Cleveland's 13-hit attack including Woody Held's homer, was too much for the Cubs, who got home runs from Ernie Banks, Lee Walls and Bobby Thomson. Five runs in the last two innings won it for the Indians.

WILMINGTON, Del. (AP)—A federal judge said Tuesday the question of possible violence will be one factor he must consider in choosing a school desegregation plan for Delaware.

U. S. District Judge Caleb R. Layton made the remark at the opening session of a three-day hearing on the merits of a plan drawn up by the state Board of Education.

Last November, Judge Layton directed the board and local school districts to draw up the plan in accordance with higher federal court decisions placing responsibility on the state board for carrying out the mandate of the U. S. Supreme Court.

ing to projections made by the department, Ferrari testified.

Ferrari added that the proposed section will become part of "a divided highway which will eventually be four-lane . . . from Harrisburg to the Maryland line."

Garrity said that department personnel would remain after the hearing to answer questions.

Crossings At Grade

Following the formal hearing, Ferrari said that it is proposed to change the present three-lane portion of the Dillsburg bypass to four-lane. The construction on new location will be limited access. There will be no grade separations, all present roads will intersect the new road at grade.

Queried on the limited access feature, Ferrari said he was not able to say what will be done about access to business places which now line the Dillsburg bypass portion of the highway. The section of divided highway opened last October from Haar's Theater near Dillsburg eastward and two previously constructed sections are limited access.

In Adams County, the new road will be west and nearly parallel with the old. It will cross the present Route 15 about one mile north of Clear Springs.

20-Foot Divider

The two 24-foot traffic lanes will be separated by a 20-foot-wide grass divider strip. Shoulders will be stabilized and will be eight feet wide in cuts and 10 feet wide on fills.

Garrity pointed out that notice of the hearing had been published in The Gettysburg Times and the (York) Gazette and Daily and that notices had been sent officials in Latimore Twp., the affected township in York County, Dillsburg borough, Assemblyman Francis

GROUP SLAPS BUDGET PLANS OF PRESIDENT

By JACK BELL

WASHINGTON (AP)—The Senate Foreign Relations Committee, approving more U.S. funds for the World Bank and International Monetary Fund, has specified they are to come out of next year's budget.

The action, by unanimous vote Tuesday, would wreck President Eisenhower's hopes of a balanced budget for the year beginning July 1. The President had asked for the funds for the current fiscal year, and had included the spending in the deficit of nearly 13 billion dollars he forecast for the fiscal year ending June 30.

For the next year, Eisenhower submitted a budget precariously balanced on the assumption that Congress would provide increased gasoline taxes and postal revenues, actions that now seem unlikely.

But the Senate Committee, approving the proposed \$1,375,000,000 increase in the U.S. subscription to the International Monetary Fund, specified it shall come out of the new budget.

A proposed increase of \$3,175,000,000 in capital stock of the World Bank would not affect the budget directly.

Republican leader Everett Dirksen of Illinois expressed surprise at the committee's action. He said that if this means the Treasury must pay out \$1,375,000,000 additional in the year beginning July 1, "obviously it means the budget will be unbalanced."

Jailed Pair Want To Tell Of Meeting

NEW YORK (AP)—Two brothers have sent word through their lawyer that they want to talk their way out of jail by testifying before the State Investigation Commission about the Apalachin, N.Y., gangland convention.

The sudden switch was announced by the lawyer for Frank Valenti, 36, and Costenze Valenti, 32, both of Rochester, N.Y.

The Valenti brothers and five other men have been in jail here since last August for clammoring up when called as witnesses before the commission.

All seven are listed by authorities among the 60-odd underworld figures and associates who attended the meeting Nov. 14, 1957. They were given indefinite jail terms for contempt. The plan has been to keep them in jail until they answer questions.

Asks Legal Opinion On Granting Free Radio Time

WASHINGTON (AP)—President Eisenhower asked Atty. Gen. William P. Rogers today to consider what action can be taken to relieve radio and television stations from having to give equal time to politicians on news shows.

White House Press Secretary James C. Hagerty said Eisenhower, without any criticism of the Federal Communications Commission for its recent decision in a Chicago case, feels the result was ridiculous.

The commission, acting under the law, held that Lar Daly, a perennial candidate for office in Chicago, was entitled to equal time on the air in a case arising from the recent primary campaign for mayor.

On News Program
Mayor Richard Daley, Democratic candidate for re-election, was shown on a news program greeting the President of Argentina. Lar Daly, running on both the Democratic and Republican tickets, appealed to the FCC. He argued he was entitled to equal time even though the Daley picture was on a news show. The FCC agreed that was the law. Hagerty emphasized that Eisenhower was not criticizing the FCC

The Day Christ Died

Jesus, still wearing the "royal" robe, a clown among kings, is returned to Pontius Pilate, who again attempts to set Him free. But the plans of this weak man are destined to come to nothing, for he cannot compete against the plot of the high priests.

10 A.M.
April 7, A.D. 30

THE HIGH priests were in a dilemma, and their only consolation was that Pontius Pilate was in an even worse one. He had refused to dispose of Jesus' case, and had sent it to Herod, the King of the Galileans. Now the case was coming back to his doorstep and he would be forced to judge, one way or another.

On the way back to Fortress Antonia the priests discussed the best way of handling the procurator. The ranking Sadducees agreed that Pilate would not be persuaded to confirm Jesus' sentence by any eloquence on their part. Perhaps the answer was to stage a violent demonstration of public opinion. If Pilate thought that, by making the case bigger than it really was, he was embarrassing the high priests, they in turn could make it outlandishly bigger by instructing their crowd to scream for the blood of Jesus.

Will Demand Death
Pilate, they were quite sure, would hardly dare to defy public opinion in an internal affair which was in reality a small one. So the word was passed from mouth to mouth to wait for signals from the high priests and then to demand the death of the prisoner as loudly as possible.

The party arrived under the double arch of the fortress and word was sent in to the Roman governor that Herod had interviewed the prisoner and had found in Him no crime against Galilee. In a few moments, Pilate came out with his men and again sat in the curule chair. The graying, cantankerous little man was about to speak when he noticed the prisoner. He realized at once that Herod had made a spurious king of Jesus, and had mocked Him by returning Him with a red robe. The procurator interpreted this as meaning that, to Herod, Jesus was comical. A clown among kings.

Cry For Vengeance
"You brought this Man before my tribunal," Pontius Pilate said loudly, "on the ground that He incited the nation to revolt. In your presence I conducted this

Jesus scourged, a steel engraving from the John Brown Self-Interpreting Bible, one of the most strikingly illustrated 19th century editions of the Old and New Testaments. The artist was unidentified.

hearing, but detected no guilt in Him regarding the charges you preferred against Him."

The people listened, but they were already muttering. "Nor did Herod either!" the procurator shouted, and then, subsiding, said: "For he referred his case back to us. This, then is the verdict: He has done nothing to deserve the penalty of death." The crowd, on signal, began to cry for vengeance. "Accordingly," shrilled Pilate, "I will discipline Him, and then set Him free."

He stood, having pronounced a second verdict. But the bedlam of venom from the crowd was so shattering that, for an instant, Pontius Pilate lost his poise and became a frightened man. Out of the roar of sound, Pilate heard snatches of words, parts of phrases, and became aware that some were asking a Passover pardon for a prisoner named Bar-Abbas.

Political Friends
It was the custom to pardon a prisoner annually at the inception of the feast of the Passover. Pilate had forgotten about it. The people who were asking for freedom for Bar-Abbas were not the same people who had come with

the high priests. These were political friends of the man now in the dungeon below Antonia — a rebel and a murderer. He was scheduled to die that day, along with two thieves. Pilate decided to use the Passover pardon to close the case against Jesus. He would give the people their choice of freeing Bar-Abbas, a known murderer, or Jesus, a man of obvious gentleness. Pilate was certain that they would choose to free Jesus.

Governor Is Inconsistent
The governor was naïve. More than that he was inconsistent. First, he had acquitted the prisoner from the curule chair, which made the acquittal official; then, confused by the tumult of the high priests and the people, he had permitted himself to send Jesus to a Jewish king to be judged according to Jewish law. This, in effect had canceled the first verdict, or at least had thrown it into doubt. Next, to appease the Sanhedrinists, Pontius Pilate had offered to have Jesus "disciplined" — scourged. Now, still temporizing, he proposed to give them a choice of the murderer or the teacher.

The Roman turned back to the

people. He held both hands high for quiet, and then he said: "Which do you want me to release as your choice, Bar-Abbas or Jesus called the Messiah?" — a fatal question to a crowd composed only of enemies of Jesus and friends of Bar-Abbas.

Pilate Is Shocked
"Bar-Abbas!" they shouted, almost in a chorus. The high priests did not have to prompt the people this time.

Pilate was shocked. "Then what am I to do with Jesus, called the Messiah?" he said plaintively.

"Crucify Him!" they roared. "Why, what wrong has He done?" Pilate said.

The people, not having been told what crime was involved, shouted again: "Crucify Him!" Pilate correctly judged the temper of the people to be getting out of hand. So he ordered the centurion to release Bar-Abbas at once, and to proceed with the scourging of Jesus.

"Halfway Death"
Roman scourging was called the "halfway death" because it was supposed to stop this side of death. It was a great deal more severe than Hebrew scourging, which was known as the "intermediate death." The custom in Palestine was to administer to the prisoner "forty stripes save one." It was done by a paid executioner, who, armed with a long supple rod, beat the prisoner thirteen times on each shoulder and thirteen times on the loins. The prisoner seldom died but, although in the scars might fade, the shame and humiliation seldom did.

The scourging of Rome was more deadly. It was administered by a trained man, called a lictor — there were none in Palestine — and he used a short, circular piece of wood to which were attached several strips of leather. At the end of each strip, he sewed a chunk of bone or a small piece of iron chain. This instrument was called a flagellum. There was no set number of stripes to be administered, and the law said nothing about the parts of the body to be assailed.

His Legs Trembled
Jesus was standing, bent over the short column and tied to it securely. The fresh coolness of the morning breeze came down on His back, and the muscles of His legs trembled involuntarily.

The soldier who performed flagellations for the Jerusalem garrison approached and, out of curiosity, bent down to see the face of the victim. He then moved to a position about six feet behind Jesus, and spread his legs. The flagellum was brought all the way back and whistled forward and made a dull drum sound as the strips of leather smashed against the back of the rib cage. The bits of bone and chain curled around the right side of the body and raised small subcutaneous

hemorrhages on the chest.

Jesus Almost Collapses
A moan escaped the lips of Jesus and He almost collapsed. The flagellum came back again, aimed slightly lower, and it crashed against skin and flesh. The lips of Jesus seemed to be moving in prayer. The flagellum now moved in slow heavy rhythm. Finally, the tribune, whose responsibility it was to stop the "discipline" when he thought that the guilty one might not be revived, stopped the executioner and went over to examine Jesus. The Messiah was unconscious.

The scourging had not taken more than about three minutes. It was over, and the tribune sent two men for cloths and cold water. The washing of the body was hardly an act of mercy because it returned the prisoner to gasping consciousness.

Throbs With Pain
The tribune ordered a soldier to help Jesus to stand. He was held in this position until He felt a slight return of strength. Then He was permitted to sit on the stone column. Little by little, His entire body began to throb with pain. It began as a pulsing thing, dull and enervating and it worked up until the entire body screamed with agony.

It was the custom after scourging for the soldiers at the fortress to play pranks on the prisoner. And now several of them approached Jesus. They were carrying the scarlet cloak, a heavy reed, and a hat cleverly fashioned out of thorns.

This Man had pretended to be a king, and they were going to costume Him like a king — a comic king. Their joke would be similar to Herod's, but an even better one.

As they came nearer, the victim, naked and shivering in spasms which shook His whole body, looked up into the sun and waited — His mutilated face masking the compassion and the strength that would redeem the world.

The vengeful crowd and the high priests are again given an opportunity to show mercy as a torn and mutilated Jesus is once more brought before them. Don't miss the appalling climax of this mock trial in Thursday's installment of Jim Bishop's "The Day Christ Died."

MAYOR ADMITS ATTACK STORY WAS A PHONY

GREENSBURG, Ind. (AP) — Mayor Sheldon Smith of Greensburg shamefully admitted Monday night he slashed himself with a razor, then invented a story about being cut and robbed by three men.

The 39-year-old mayor said he made up the story "to explain the loss of the money and hide the shame of being taken through one of the oldest confidence games, the pigeon drop." The missing \$7,178 belonged to the city.

When asked for details of the slashing and confidence game, Mayor Smith said, "I'm too ashamed to talk about it."

Refunds Money
In the pigeon drop, a confidence man tells his victim he has found a large amount of money and will share it if the victim will put up some money as a show of good faith.

Prosecutor Richard Garvey said the mayor's admission ended the case. He said Smith would not be prosecuted.

Earlier Monday Smith returned the \$7,178 and said "moral responsibility" led him to borrow money to repay the city court funds.

Smith, who also serves as city judge, had accumulated the money since 1957, but had not deposited it. The exact amount was determined in an audit by the state board of accounts.

"Unveiled Mystery"
Garvey said Smith told him he became "so concerned that an innocent person was suffering the loss of freedom that he decided to unveil the mystery." Smith had identified Forest Hollars, 40, Dayton, Ohio, as one of the three men who attacked him.

Smith's original story was that he had been lured to his private office the night of Feb. 21 on the pretext of filling out an income tax return. He said two of the men held him while the other methodically slashed him with a razor blade.

ASKS SEIZURE OF 5 BUILDINGS HOUSING STILL

PHILADELPHIA (AP) — The federal government wants to seize five buildings in Reading allegedly used in the manufacture of illegal liquor.

A suit filed in U. S. District Court Tuesday by Asst. U. S. Atty. Joseph J. Zapitz said the buildings once were owned by one of the 18 men who go on trial today on conspiracy charges.

The 18 were indicted by a federal Grand Jury investigating a possible connection between a 4,800-gallon still and an alleged four-state bootleg liquor operation. Six others also indicted as operators of the still have pleaded guilty.

The still, in a building a few blocks from Reading city hall, was raided June 8 by federal agents who described it as one of the largest ever to operate on the eastern seaboard.

Zapitz, in his suit to seize the buildings, said they were conveyed to a Joe Brown on a \$42,000 mortgage by the David Ready Co. of Reading on Jan. 10, 1957.

Abe Markowitz, one of the defendants, was president of the ready company, the suit says. Later the mortgage note was transferred to the City Bank and Trust Co. of Reading, the suit added.

District Court Judge Edwin D. Steel, who will try the 18, took the suit under advisement.

Accused Slayer Not Mentally Ill

ALTOONA, Pa. (AP)—A Cambria County man charged with murder is neither mentally ill nor mentally defective, according to a court-appointed sanity commission.

Judge John M. Klepser said Tuesday he would rule later on a claim of insanity filed by Frederick Gorba, 31, of Portage R. 1. Judge Klepser set arguments for March 30 on whether a special session of court will be ordered to try the case.

Gorba, along with his brother, Marine Col. James R. Gorba and Andrew Ligda, both also of Portage R. 1, are charged with murder in the fatal beating of James Lau, a night club entertainer from York, Pa.

The trial was scheduled to start Monday, but was delayed by the sanity examination. The next term of quarter sessions court is not scheduled until June.

IKE CALLS NINE GOVERNORS TO MONDAY MEET

WASHINGTON (AP) — Governors of eight states and Hawaii have been invited to meet with President Eisenhower Monday to discuss jobless pay.

In announcing the invitations Tuesday, the White House said the purpose of the meeting is to explore "ways to strengthen the regular federal-state unemployment compensation program."

In addition to Hawaii's governor, the invitations went to the chief executives of Florida, Illinois, Mississippi, New Jersey, West Virginia, North Dakota, Utah and Colorado. All nine are members of the executive committee of the National Governors Conference.

On Capitol Hill, meanwhile, 18 Democratic senators described the jobless pay extension bill passed by the House Monday as "almost totally inadequate."

In a letter to Chairman Harry F. Byrd (D-Va) of the Senate Finance Committee they called for committee hearings on ways to do more for the unemployed.

Byrd has set Friday for consideration of the House bill. There are indications his committee will

send it to the floor promptly, probably without public hearings.

The House bill would extend the temporary federal program of extra jobless benefits for three months to next June 30.

In their letter to Byrd, the 18 senators said latest official figures show 4,749,000 persons unemployed and they said there is little prospect for improvement.

The House bill, they said, "would force tens of thousands of self-respecting workers and their families to suffer the humiliation of going on the relief rolls."

Studying County Jr. College Bill

HARRISBURG (AP) — The Senate Education Committee studied a proposal today to allow county school boards to establish junior colleges.

The proposed legislation would allow the financing to be carried out in the same manner as public school financing.

The state Public Instruction Department would be required to prepare a statewide plan for establishment of junior colleges by the counties, subject to state council of education approval.

The council-instruction Department Policy Board — would set rules and regulations for the colleges as well as curricula and standards.

The colleges would give an "associate degree" on the completion of two years work.

The bill was introduced by Sen. Robert D. Fleming (R-Allegheny).

Find Woman With Knife In Throat

PITTSBURGH (AP)—Mrs. Verma Bagran, about 55, wife of a clothing firm president, was found stabbed to death today in her home in the swanky Squirrel Hill residential section.

Police said a paring knife protruded from her throat. She was found at the foot of basement steps leading to the family garage in the ranch type home.

Police went to the residence after an unidentified woman friend of Mrs. Bagran reported no one had answered the telephone for several days. Officers forced a door to gain entrance.

Mrs. Bagran's husband, Louis, is president of the Nathan G. Bagran Co., a women's clothing firm on Penn Ave. in Pittsburgh's midtown.

Bagran was reported in New York City on a business trip.

Man Suicides After Shooting His Wife

PHILADELPHIA (AP) — When Mrs. Arthur M. Whittaker called police she said she had been hit accidentally on the back of the head. When detectives arrived she asked, "Is my husband okay?"

Her 60-year-old husband was dead. Detectives said he put the muzzle of a pistol in his mouth and killed himself.

His 57-year-old wife was wounded critically. A .32 calibre bullet had been fired at close range—by her husband, police said, before he went into another room and shot himself.

Mrs. Whittaker had collapsed after making the call. Later she said her husband, a stationary engineer, had been depressed. They had no children.

Local authorities would be allowed to issue bingo licenses to such organizations with a provision that no games would be held on Sunday.

Re-enactment Of 8 Civil War Battles Planned For Centennial Celebration

WASHINGTON—Plans have now been made for the re-enactment of eight Civil War battles during the five-year (1961-65) centennial celebration of that great era of the nation's history.

The eight battles include Vicksburg, Burnside Bridge (a phase of Antietam), First Manassas, Philippi, W. Va., Fort Sumter, Merrimac-Monitor, Antietam and Gettysburg.

Others are expected.

On Capitol Hill Representative Smith (R., Kan.) and Representative Dorn (D., N.C.) have introduced a joint resolution authorizing a gold medal to be struck in honor of the centennial. It was to be sold for \$3 or \$4, Representative Smith said. Senator O'Mahoney (D., Wyo.) has introduced the bill in the Senate.

Want 30 Stamps

The National Civil War Centennial Commission has drawn up a list of 30 commemorative stamps it would like issued and has been in touch with the Post Office Department in this regard. Also in the works are plans for small denomination commemorative coins. The commission hopes to have these issued in 10, 25 and 50-cent pieces.

The national commission, which is guiding the work of the various state centennial commissions, is almost a year old now, having been initiated on April 1, 1958. It will continue in existence through 1965.

Karl Betts, of Catonsville, Md., executive director of the national commission, said his agency is not pushing battle re-enactments as a necessary part of the centennial, but not discouraging them, either.

"Terribly Expensive"

"We point out that it's terribly expensive, takes a lot of people but will bring in a lot of tourists," Betts said.

"There are no limits to the problems involved."

The State of Virginia will re-enact the naval battle between the Merrimac and Monitor, at Hampton Roads, as part of a scheduled five-day pageant. Also, Virginia is planning a model basin with radar-operated model boats at the Mariners Basin in Newport News.

"These should generate as much interest as the electric map at Gettysburg," Betts said.

Plans for a replay of the first battle of Bull Run July 21, 1861, include inviting 24 governors of states which had troops in the battle along with representative citizens who would take part in staging the event.

An estimated \$690,000 has been spent on restoration of historic Fort Sumter. Ceremonies are planned to commemorate the opening guns of the war on April 12, 1861.

Sumter Restored

The anniversary of the first Union victory of the Civil War, the Battle of Philippi, W. Va., is also planned for re-enactment. In this right, which took place in the mountain passes June 3, 1861, Gen. George McClellan commanded the Union Army.

An estimated 2,000-3,000 "North-South Skirmishers," an organization which has lent its services to numerous Civil War pageants in the past, also offered to participate in any battle re-enactments they are able to attend.

Militia Units To Take Part

State militia units are also expected to take part where funds are available, as are military college students and the Marines.

Altogether 23 state Civil War centennial commissions have been set up under the aegis of the national commission. Another fourteen states have reported they are on the point of creating similar agencies.

Included among re-enactment plans are those of Vicksburg, Miss. The old Union gunboat, Cairo, which was sunk in that fight on July 4, 1861, has been located on the bottom of the Yazoo River, and authorities are contemplating raising the hulk to take part in the centennial of that battle.

The Cairo tried to run past the city's guns. The Union forces had to make their attack on Vicksburg from the south in the battle that "broke the spinal column of the Confederacy."

"Gettysburg Of The West"

Arkansas has appropriated \$250,000 to buy the grounds of the battlefield of Pea Ridge fought on March 7 and 8, 1862, and often called "The Gettysburg Of The West."

One manifestation of interest in the Civil War Centennial Commission's work has been the growth of "Civil War Round Tables."

There are 536 members in the Washington round table and 77 round tables in the United States. "We're not fighting the war over again," Betts explained. "We're studying it. We've had no casualties yet."

Pennsylvania Plans

Re-enactment of the climactic three-day conflict at Gettysburg July 1-3, 1863, is being planned by the Pennsylvania commission. The Civil War Round Table at Gettysburg and the State Senate have called on Pennsylvania's delegation in Congress to promote legislation which would appropriate funds for purchase of additional battlefield land and which would restrict commercialization of the battlefield areas.

"The roots of war go deep all over this country," Betts com-

LIST FACTORS PUTTING LIFE INTO BUSINESS FOR EASTER

By WALTER BREEDE JR.
AP Business News Writer

NEW YORK (AP)—Rising prosperity, a booming stock market and a return to fashions that flatter the female form are putting new life into the nation's Easter retail trade.

So say many of the merchants, bankers and Chamber of Commerce officials interviewed by The Associated Press in a coast-to-coast survey.

"Business is shaping up beautifully," says an executive of a big department store on Chicago's busy State Street. "Easter sales are far ahead of last year."

Spending More

People are spending with more

ment. "There are just as many relatives of Civil War dead in Oregon as in Maryland. They went West, you know."

The bill of Representative Foley (D., Md.) to purchase 1,800 acres of the Antietam battle site for the government has won approval of the House Interior and Insular Affairs subcommittee and passed to the full committee.

Burnside Bridge

Another re-enactment will be that of Burnside Bridge, a closing phase of Antietam.

The battle took place late in the afternoon of September 17, 1862.

Confederate troops under the command of Gen. Robert A. Toombs defended the bridge, while Gen. John F. Hartranft commanded the Union troops which finally forced passage and drove the Southerners up the steep hill and back nearly to Sharpsburg before Gen. A. P. Hill arrived from Harpers Ferry to save the day for the Confederacy.

Historians say the battle is considered a victory for the union in the sense that they stopped the Confederates.

Union Losses 13,000

In the fray the Confederate troops lost 10,000 men, while the Union Army suffered 13,000 casualties.

The Union had twice as many men engaged in the fighting, however.

Burnside Bridge is a three-arch bridge which crosses Antietam Creek at an angle but has right-angle turns at either end. It is so narrow that troops could cross only four or five abreast. It is the lower of three stone bridges built in the 1830's over the creek.

The bridge was considered the only feasible crossing of Antietam Creek, but later reconnaissance proved the men could have waded the creek.

confidence," said Richard H. Rich, president of Rich's in Atlanta.

"Consumers are more confident and seem to be spending more," observes Joseph Lieberman, senior vice president of L. Bamberger & Co., Newark N.J. "The stock market is healthy and that always seems to be a good indicator."

Laurence Mallinckrodt, president of the Scruggs, Vandervoort, Barney in St. Louis said: "Sales are very good compared to last year and we still have a few selling days to go."

While optimism is the keynote, you'll find dissenters here and there. A New York department store executive complains that "women don't get excited about fashions when there's a half foot of snow on the ground." Wide areas of the Northeast and upper Midwest were blanketed by a heavy snowfall late last week, and store sales took a nosedive.

Other localized deterrents to an unbounded shopping spree include: persistent pockets of unemployment in some industrial centers, scattered state and local tax increases, a printers' strike that closed daily newspapers in Columbus, Ohio, for two weeks and—in cities where winter has lingered on—the earlier Easter date.

Not all merchants regard the earlier Easter as a handicap. In some Southern and Western cities where the weather has been mild, it is considered an asset. That's the sentiment of merchants in Los Angeles where the mercury climbed into the high 80s while snow fell in New York. It's echoed by store officials in Miami, San Francisco, Dallas, Denver and Kansas City.

POLICE PATROL HILLS OF KY.

HAZARD, Ky. (AP)—Reinforced state police units patrolled the hills of eastern Kentucky today in the wake of two outbreaks of force in coal strikes which have killed more than 7,000 men.

A massive crowd of strikers swarmed over a coal tipple in nearby Letcher County Tuesday injuring at least four men, and state police in Pike County broke up a bumper-riding demonstration.

The strikes, called by the United Mine Workers of America in its demand for a \$2 a day basic pay raise to \$24.25, began March 9. They have spread as contracts expired.

Safety Commissioner Don Sturgill said extra state police units would work the Pike County area and Maj. Charles Crutchfield, state police director, said extra patrols would be in Letcher County.

Roland P. Price, president of the Gem-Elkhorn Coal Co. at Rockhouse Creek, said he would not resume operations immediately.

BILL WOULD BOOST COUNTY OFFICIALS' PAY

HARRISBURG (AP)—The salaries of county officials in all except Philadelphia and Allegheny counties would be boosted under legislation in the Senate State Government Committee today.

The bipartisan package of 11 bills would raise the salaries of the sheriff, coroner, prothonotary, clerk of courts, register of wills, recorder of deeds, county treasurer, county controller, county surveyor, county commissioners and district attorney.

The proposals are aimed at bringing salaries of the officials more in line with salaries of other state and local officers, backers said.

Range In Limits

The legislation is backed by the state associations of county sheriffs, district attorneys and other officials.

The top salaries under the proposed schedule would be \$11,250 a year for district attorneys and county commissioners in third class counties.

They presently are limited to \$9,250 a year. The scales would range down to \$2,600 a year for commissioners and \$2,000 a year for district attorneys in eighth class counties with less than 12,000 population.

The legislation was introduced by Sens. John T. Van Sant (R-Lehigh), William Z. Scott (R-Carbon) and William J. Lane (D-Washington).

Musical Mailman On Roller Skates Is Hit With Patrons

SIERRA MADRE, Calif. (AP)

—A blare of jazz out front, a string of kids behind. And in between, a big friendly grin.

That's the musical mailman rolling down the street—happy-go-lucky Allen Bond.

He is known on his route for his ways with music and children—a sort of Pied Piper on roller skates.

He thinks folks like their letter carrier to be informal—and happy. He's right, too.

Radio For Christmas

See that transistor radio on his belt? Hear it? He bought it with Christmas money the folks on his route gave him. He says people like music.

See how they come out before he gets there? It's the music that draws 'em. And the fact he's so friendly, of course.

The skates? He's been using them since Christmas. He had two deliveries a day then. Christmas rush, you know. Said he wanted to get ahead of the game. That's the way he makes his work seem, too—like a game.

Several Irons In Fire

Some days he doesn't skate, and he doesn't walk. On those days he runs. He's peppy, he is. Vitamins are why. That's what he

children, Peggy and Carl, Bethlehem, spent the weekend at the home of Mrs. Hensel's mother, Mrs. Margaret Wehler, Glenwyn Drive.

Neaveh A. Crouse, Paul O. Hawk and Paul H. Stonerifer attended the consecration service at St. John's—Methodist Church, Hampstead, Sunday, I. D. Crouse and son were the general contractors, and Mr. Stonerifer was superintendent of the building project.

Wayne Miller, son of Mr. and Mrs. Robert H. Miller, S. Queen St., and a freshman at Franklin and Marshall College, Lancaster, is a clarinetist in the college band which will play its annual concert Saturday at 3 p.m. The program will be televised by WGAL-TV.

Mr. and Mrs. Robert L. Crouse Sr. have moved into the home on W. Myrtle St., which they purchased from Mrs. Irene Richards Scott, now of Waco, Texas. The Crouses sold their house on N. Queen St. to their son and daughter-in-law, Mr. and Mrs. R. L. Crouse Jr., and it is now occupied by them.

says, anyway.

He needs that umph, even if he is just 30. He has several irons in the fire. Carrying mail all day in Sierra Madre, a community adjacent to Pasadena, is just one of them.

Another one is his duty in the Marine Reserve Fighter Squadron at a naval air station. He was a machine gunner with the Marines in the Korean War.

"Gotta Keep Fit"

The main reason he's in a hurry to get his daytime work done, though, is his night job. By night he's a dance band leader. He has his own 12-piece orchestra. He plays bass, saxophone, clarinet and drums. Besides that, he sings.

Bond is uncommon in lots of ways, but there's one way he is just an ordinary, everyday kind of postman — the kind you hear jokes about. On his day off he likes nothing better than a nice, long hike.

"I've gotta keep in trim, man," he says.

GETS COMMITTEE OK

WASHINGTON (AP) — The House Armed Services Committee has approved a bill authorizing \$1,190,050,000 for military construction in the year beginning July 1.

The figure is \$109,247,000 less than President Eisenhower proposed in his budget message last January.

SACRAMENTO, Calif. (AP) — Drunk or reckless driving on a unicycle, bicycle, tricycle, roller skates, pogo stick, scooter, pedal car, hand-car or wheel chair would be illegal under a bill approved Monday by a California Assembly committee.

Any device "propelled by human power and designed to transport persons" is the way the bill puts it.

LONDON (AP) — London's biggest peacetime fire in half a century was brought under control at midnight after burning out the heart of the suburb of Ilford.

Damage was estimated in the millions of dollars. Nobody was reported hurt.

BROADBEACH, Australia (AP) — Australia and the Soviet Union have agreed to resume normal diplomatic relations broken off when Australia gave asylum to a turncoat Soviet spy in 1954.

Says Defendant
Deserves No Mercy

VENTURA, Calif. (AP) — A prosecutor seeking the death penalty for Elizabeth Duncan says a lurid past is one of the reasons she deserves no mercy.

Dist. Atty. Roy Gustafson told a jury Tuesday that Mrs. Duncan's hiring of two men to strangle her son's wife was preceded by 11 marriages and that she once operated a house of ill fame.

The jury, which convicted her Monday of arranging the murder of Olga Duncan, 30, last November, now has the task of deciding her penalty—death or life imprisonment.

Regardless of what punishment the jury decrees, it won't take effect until Mrs. Duncan's secondary plea—innocent by reason of insanity—is decided.

exclusion of Palmyra Island from the boundary of the new state?

3. Does Hawaii accept statehood under all other conditions specified in the statehood bill, including land grants and reservations and one House member instead of two?

There will be a second representative after the 1960 census reapportionment.

Rejection on any one of the three propositions would nullify the Statehood Act and leave Hawaii in territorial status, but there was no doubt that all three propositions would be approved.

The territory has been pleading for statehood for half a century and its state constitution is already adopted.

FARMERS BACK
FROM D. C. TRIP

Four members of the Adams County Farmers Association returned Tuesday from Washington where they met with Congressman James Quigley in one of a series of similar meetings of farmers with their congressmen held under sponsorship of the Pennsylvania Farmers Association.

The Adams countians were Arthur Rice, Gettysburg; Walter Fidler, Aspers; Stuart Lucabaugh, Hanover and John R. Pitzer, Aspers.

Pitzer, president of the Adams County Farmers Association, said the trip was held to acquaint farmers with some of the operations and functions of government and to inform the congressman about the farmers' association legislative program.

They told Congressman Quigley they seek "just enough governmental protection to avoid a complete collapse of agricultural prices" while reducing governmental "price support, subsidization and production of control programs." They protested proposals requiring farmers to pay a \$1.25 an hour minimum wages and time and half for over 40 hours which they said would "virtually wipe out" the fruit and vegetable industry. They also opposed federal aid to education, holding "it would result in loss of control over our schools."

BIG BOOST IN SALES TAX IS TOSSUP TODAY

HARRISBURG (AP)—It was a tossup today whether the Lawrence administration can drive enough House Democrats into line to pass a 264 million dollar sales tax boost without Republican help.

The first showdown is planned for a special midnight session tonight.

A hard core of Democratic resistance seemed to be in evidence as the governor continued the task of calling the holdouts into his office individually to seek their support.

He told his news conference that he had some success with a half dozen who visited him Tuesday.

Have Control
"I didn't get tough," he said. "I tried to reason with them on the problem that faces us."

The number of rebels was estimated as high as 24 on Monday but Rep. Stephen McCann, Democratic floor leader, said the list has been whittled down to less than 10.

Democrats control the House by 107 to 102. But, since it takes 106 votes to pass a tax bill, it would take only two Democratic holdouts to defeat the bill if Republicans adhere to a policy of giving no help at all.

No Predictions
Neither Lawrence nor McCann would make a prediction on Democratic chances of passing the sales tax measure which calls for boosting the rate from 3 to 3½ per cent.

The sales levy also would be extended to such items as automobile trade-ins and beer and liquor, two areas on which Democratic opposition has been focused.

Rep. W. Stuart Helm (R-Armstrong), House GOP Policy Committee chairman, said he saw no chance of the bill's passage on the first roll call tonight.

He was noncommittal on whether Republicans would offer support in a subsequent roll call. But other GOP members, who asked not to be identified, conceded there was a good possibility this may happen.

Ask Study Group
Other legislative developments:

SOME ACCORD ON ISSUE OF BIRTH CONTROL

Unemployment compensation—The Senate unanimously adopted a resolution Tuesday asking the governor to appoint a committee to study problems created by the dwindling Unemployment Compensation Fund.

Sen. Edward J. Kessler (R-Lancaster) said such a study should include whether money is paid out unnecessarily because of what he described as loopholes allowing payments to pregnant women, students and persons who retire.

The fund, once more than 600 million dollars, is now down to 80 million and is expected to fall to 30 million by April 30.

Package Of Bills
Transportation—A package of bills reached the Senate to give a tax break to local bus firms in Pennsylvania, 40 per cent of which, said Sen. George N. Wade (R-Cumberland), were operating in the red.

Under the plan, bus companies operating in one county or adjacent counties would be exempt from paying any of the 14-mill gross receipts tax on public utilities, the five-cents-a-gallon gasoline tax and bus license fees.

Wade said he was unable to estimate how much the plan would cost in tax revenue.

Confirm Trimarchi
Turnpike Commission—The Senate unanimously confirmed E. James Trimarchi, Indiana Democrat, as a member of the Pennsylvania Turnpike Commission.

His term will run until June 4, 1961. Trimarchi, first appointed by former Gov. George M. Leader, has been serving on an interim basis. The job pays \$13,000.

Korean Bonus—The House Appropriations Committee approved a plan to sell 150 million dollars in bonds to finance the bonus of up to \$500 for each of the Pennsylvania veterans of the Korean War.

A cent-a-pack increase in the four-cent cigarette tax is already in a position for action. The governor has asked for the boost, intended to raise 25 million dollars every two years, to finance the bonus.

Budget Troubles
Budget—A Senate appropriations subcommittee found dissension among its members on whether its efforts to pare the budget will be successful.

Sen. George B. Stevenson (R-Clinton) claimed the study of the governor's \$1,907,000,000 budget most likely would result in cuts.

SOME ACCORD ON ISSUE OF BIRTH CONTROL

HARRISBURG (AP)—Aud. Gen. Charles C. Smith held today it would be unconstitutional for case workers to volunteer birth control information to persons on relief.

"I don't think it's constitutional for a public employee to interfere in an area which is entirely a private matter," said Smith in commenting on a controversial resolution passed by the state Public Assistance Board last December.

The resolution would permit case workers in the Public Welfare Department to volunteer information on birth control to relief recipients. Under a 1947 regulation, case workers can refer persons on relief to birth control clinics only if a specific inquiry is made on the subject.

No Right To Interfere
The board Tuesday named Smith to make a recommendation on the resolution at its April meeting. He will work with another board member yet unnamed in drafting the recommendation.

Smith told the board the 1947 regulation should be changed to permit case workers to refer recipients to clergymen or physicians when a specific inquiry is made regarding birth control.

But the auditor general agreed with Mrs. Ruth Grigg Horting, public welfare secretary, in saying that state employees have no right to interfere.

Agree On Position
"A public agency cannot get into a situation where you do more than permit distribution of birth control information," Mrs. Horting asserted.

Asked for his views at a news conference Tuesday, Gov. Lawrence said he was against the concept of general dissemination of birth control information by state agencies.

"I'm fearful that the religious

Sen. William J. Lane (D-Washington) said he hasn't seen any area yet that would be subject to reductions.

Lawrence told newsmen Tuesday that he is using the budget figure to demonstrate to House Democrats the need for enacting the sales tax to help balance it.

News Briefs

WASHINGTON (AP)—Pennsylvania's two senators, Joseph S. Clark (D) and Hugh Scott (R), introduced bills Monday aimed at alleviating the hardships of unemployment.

Clark's bill would provide public assistance benefits for children of unemployed fathers. Scott's bill would extend the temporary unemployment compensation extension program an additional six months. The present program expires March 31.

WASHINGTON (AP)—President Eisenhower's special advisers on foreign aid Tuesday urged an additional 400 million dollars in military assistance primarily to arm NATO countries with missiles and jet aircraft.

The funds would be an increase in the \$3,930,000,000 budgeted for foreign aid in the year starting July 1.

AT ODDS OVER WAYS TO TRIM STATE BUDGET

HARRISBURG (AP)—Two members of a special Senate subcommittee studying Gov. Lawrence's record \$1,907,000,000 budget were at odds today over whether the fiscal outlay can be trimmed.

Chairman George B. Stevenson (R-Clinton) and Sen. William J. Lane (D-Washington) held opposite views after the committee heard officials of three state agencies explain budget needs during hearings Tuesday.

The committee planned next to turn to appropriations requested by the state police, state department and lieutenant governor's office.

"Down To Bone"
"We're definitely going to develop some substantial savings on the budget during these hearings," said Stevenson. "However, we haven't come to the point yet where we can place a percentage of reduction on the budget."

But Lane contended: "So far, I don't see where anybody has evidence that substantial savings can be developed. This budget is already down to the bone and I don't think anybody will find any way to make substantial cuts with any justice."

The statements came after officials of the state Civil Defense Council, Parole Board and School Building Authority outlined fiscal needs for the new biennium starting June 1.

CONSIDER AID FOR TRANSIT FIRMS IN PA.

HARRISBURG (AP)—The Senate Highways Committee considered legislation today that would allow state transportation firms to seek a full rebate on gross receipts taxes, gasoline taxes and license fees.

Chairman George N. Wade (R-Cumberland), co-sponsor of the bill, said the proposals are aimed at alleviating what he termed the desperate plight of Pennsylvania's transit firms.

The four bills were recommended by a five-member Senate committee named early this year to investigate problems in the state's transportation industry.

No Over-all Solution
"While at this time the investigating committee is not in a position to present an over-all solution for the crisis facing the public transportation industry, the committee recognizes that there is an immediate need for the Commonwealth to provide relief to mass transportation while the ultimate solution is sought," Wade declared.

However, Sen. Charles R. Mallory (R-Blair), chairman of the investigating group, opposed the proposals. He declared they would "open wide the use of motor funds by all the carriers in Pennsylvania."

He referred to a feature of the legislation which would charge against rebates paid to counties by the Highways Department. That subsidy amounts to a half cent a gallon on gasoline taxes paid by the county.

Would Hurt Roads
The state highways fund allocates about 35 million dollars a year to counties for construction or maintenance of county road systems and bridges.

Mallory contended that since the transportation firm rebate would be charged against county rebates, county road programs would be hurt.

Wade said the committee investigations showed that 40 per cent of Pennsylvania's public transportation companies operate at a loss while many of the remainder break even.

The rebate would apply only to firms which have 90 per cent of issue would be injected," Lawrence said. "They (case workers) would have to ask the people about their religion."

The board generally agreed that a regulation permitting the case workers to give out such information when requested was sufficient.

NANETTE SAYS HOME IS MOST "IMPORTANT"

By CHARLES MERCER
NEW YORK (AP)—Somewhere high in Rockefeller Center, NBC officials and lawyers and agents were discussing Nanette Fabray's career on television next season in terms of four big special shows and blank thousands of dollars and so forth.

Down the street in a restaurant Nanette Fabray had pushed aside her scrambled eggs and was showing a fellow picture of her son, Jaime, aged 5 months.

"Now about this contract," the fellow said.

First In Year
"Here's a good one," said Miss Fabray, who prefers to be known as Mrs. Ronald MacDougall. "See the way he puts his feet together and lines up his toes?"

Miss Fabray returned to New York for the first time in 16 months with her husband, writer-director Ronald MacDougall, who is here on business connected with his new movie, "The World, The Flesh and the Devil," starring Harry Belafonte. While here she was taping a Perry Como show to be seen next Saturday.

Her appearance on the Como Show will be her first on television in more than a year except for the occasion a while ago when Dinah Shore gave her a shower on her show for—yes, Jaime.

Home Most Important
"I'll tell you why I think I'm so content," said Miss Fabray. "I've had a career before marriage and so I can't feel frustrated, as some women appear to be. By that I don't mean that my career is necessarily finished. But I'll tell you when it would be."

"If my husband ever says to me, 'Nan, come home—' well, I'd just go home. Because home is the most important thing in the world to me."

The contract now under discussion would present Miss Fabray in at least four special shows from either Hollywood or New York.

And what will she do on the Como Show? "Show him pictures of Jaime."

URGES SPEED IN BASE AND SUB BUILDING

By JACK BELL
WASHINGTON (AP)—A speed-up in submarine missiles and building of underground missile bases was proposed Tuesday by Sen. Bridges (R-NH) to avoid any increasing gap between U.S. and Soviet military might.

As its top Republican member, Bridges said he will urge the Senate Preparedness subcommittee to recommend acceleration of the Polaris program and a quick start on the construction of underground pads from which intercontinental missiles could be fired.

"I believe that if we can get Polaris submarines into operation and get our missile pads underground we would have the greatest deterrent to any possible attack on us," Bridges said in an interview.

Adm. Arleigh Burke, chief of their business in the county in which their business office is located or adjacent counties.

The bills were sponsored by Wade, Sens. Ernest F. Walker (R-Cambria) and William V. Mullin (D-Phil.).

The committee held hearings in Altoona Feb. 27 and Johnstown Feb. 28.

William McIntire Elkins, an extremely wealthy Philadelphia man who died in 1947, almost always rented his evening clothes. If they were a good fit, he would buy them the next day.

He said the United States now has military might "much greater than the U.S.S.R." and "a year from now it will be greater."
